VOL. 202 NOS. 1–2 **19 OCTOBER 2001**

Review

Penaeid shrimp broodstock nutrition: an updated review on research and development
R. Wouters (Guayaquil, Ecuador), P. Lavens (Gent, Belgium), J. Nieto (Guayaquil, Ecuador) and P. Sorgeloos (Gent, Belgium) 1

Diseases, Parasites and Predators

Viral and bacterial diseases of marine fish and shellfish in Japanese hatcheries
K. Muroga (Higashihiroshima, Japan) 23

Genetics and Breeding

Effect of inbreeding on salinity tolerance in the guppy (*Poecilia reticulata*)
T. Shikano, T. Chiyokubo and N. Taniguchi (Sendai, Japan) 45

Husbandry and Management

An experimental study on closed-polyculture of penaeid shrimp with tilapia and constricted tagelus
X. Tian, D. Li, S. Dong, X. Yan, Z. Qi, G. Liu and J. Lu (Qingdao, People's Republic of China) . . 57

Impact and residence time of oxytetracycline in the sea urchin, *Psammechinus miliaris*, a potential aquaculture species
D.A. Campbell (Wales, Scotland, UK), P. Pantazis and M.S. Kelly (Scotland, UK). 73

Nutrition

Lipid distribution within Atlantic salmon (*Salmo salar*) fillets
P. Katikou, S.I. Hughes and D.H.F. Robb (Bristol, UK) 89

Dietary palm oil level affects growth performance, protein retention and tissue vitamin E concentration of African catfish, *Clarias gariepinus*
P.-K. Lim, P.-L. Boey and W.-K. Ng (Penang, Malaysia) 101

Evaluation of different markers to determine apparent nutrient digestibility coefficients of feed ingredients for South African abalone (*Haliotis midae* L.)
J. Sales and P.J. Britz (Grahamstown, South Africa) 113

Physiology and Endocrinology

Ontogeny of ACTH and MSH cells in Japanese flounder (*Paralichthys olivaceus*) in relation to albinism
A. Estevez (Tarragona, Spain; Kyoto, Japan), T. Kaneko (Tokyo, Japan), T. Seikai (Fukui, Japan), R.M. Dores (Denver, CO, USA), M. Tagawa and M. Tanaka (Tarragona, Spain) 131

Effect of dietary phosphorus and vitamin D_3 on phosphorus levels in effluent from the experimental culture of rainbow trout (*Oncorhynchus mykiss*)
R.M. Coloso (Newark, NJ, USA; Tigbauan, Philippines), S.P. Basantes (Newark, NJ, USA), K. King, M.A. Hendrix, J.W. Fletcher (Lamar, PA, USA), P. Weis and R.P. Ferraris (Newark, NJ, USA) 145

Physiological effects of methyl farnesoate and pyriproxyfen on wintering female crayfish *Cherax quadricarinatus*
U. Abdu (Beer-Sheva, Israel), A. Barki, I. Karplus, S. Barel (Bet-Dagan, Israel), P. Takac (Bratislava, Slovak Republic), G. Yehezkel (Beer-Sheva, Israel), H. Laufer (Storrs, CT, USA) and A. Sagi (Beer-Sheva, Israel) 163

Short Communication
Steroid hormone enrichment of *Artemia* nauplii
A.B. Stewart (Morgantown, WV, USA), A.V. Spicer (Knoxville, TN, USA), E.K. Inskeep and R.A. Dailey (Morgantown, WV, USA) 177

VOL. 202 NOS. 3–4 **1 NOVEMBER 2001**

Special Issue: Bass SPP culture: basic and applied aspects

Editorial 185

Reproduction
Genetic, hormonal and environmental approaches for the control of reproduction in the European sea bass (*Dicentrarchus labrax* L.)
S. Zanuy, M. Carrillo, A. Felip, L. Rodríguez, M. Blázquez, J. Ramos and F. Piferrer (Castellón, Spain) 187
Endocrine regulation and artificial induction of oocyte maturation and spermiation in basses of the genus *Morone*
C.C. Mylonas (Iraklion, Greece) and Y. Zohar (Baltimore, MD, USA) 205
Spawning induction of individual European sea bass females (*Dicentrarchus labrax*) using different GnRHa-delivery systems
M.A. Forniés, E. Mañanós, M. Carrillo, A. Rocha (Castellon, Spain), S. Laureau (Gravelines, France), C.C. Mylonas (Iraklion, Greece), Y. Zohar (Baltimore, MD, USA) and S. Zanuy (Castellon, Spain) 221
Changes in plasma levels of reproductive hormones during first sexual maturation in European male sea bass (*Dicentrarchus labrax* L.) under artificial day lengths
L. Rodríguez, I. Begtashi, S. Zanuy, M. Shaw and M. Carrillo (Castellón, Spain) 235
Changes of lysosomal enzyme activities in sea bass (*Dicentrarchus labrax*) eggs and developing embryos
O. Carnevali (Ancona, Italy), G. Mosconi, A. Cambi, S. Ridolfi (Camerino, Italy), S. Zanuy (Castellòn, Spain) and A.M. Polzonetti-Magni (Camerino, Italy) 249
Inactivator media of sea bass (*Dicentrarchus labrax* L.) spermatozoa motility
G. Sansone (Napoli, Portici, Italy), A. Fabbrocini, A. Zupa, S.L. Lavadera, S. Rispoli (Napoli, Italy) and D. Matassino (Portici, Benevento, Italy) 257

Feeding and Nutrition
Partial replacement of fishmeal by brewers yeast (*Saccaromyces cerevisae*) in diets for sea bass (*Dicentrarchus labrax*) juveniles
A. Oliva-Teles and P. Gonçalves (Porto, Portugal) 269
Optimizing the levels of feeding stimulants for use in high-fish meal and plant feedstuff-based diets for striped bass, *Morone saxatilis*
E. Papatryphon and J.H. Soares Jr. (College Park, MD, USA) 279
Optimization of feeding regimes for European sea bass *Dicentrarchus labrax*: a factorial approach
I. Lupatsch, G.Wm. Kissil (Eilat, Israel) and D. Sklan (Rehovot, Israel) 289
Quality outline of European sea bass (*Dicentrarchus labrax*) reared in Italy: shelf life, edible yield, nutritional and dietetic traits
B.M. Poli, G. Parisi, G. Zampacavallo, M. Mecatti, P. Lupi, M. Gualtieri and O. Franci (Florence, Italy) 303

Effects of light intensity on animal husbandry and digestive enzyme activities in sea bass *Dicentrachus labrax* post-larvae
A. Cuvier-Péres (Namur, Belgium), S. Jourdan, P. Fontaine (Nancy, France) and P. Kestemont (Namur, Belgium) 317

Genetics and Growth

Setting up a strain-testing design for the seabass, *Dicentrarchus labrax*: a simulation study
M. Vandeputte, M. Dupont-Nivet (Jouy-en Josas, France), B. Chatain (Palavas les Flots, France) and B. Chevassus (Jouy-en Josas, France). 329

Domestication and strain evaluation of striped bass (*Morone saxatilis*)
L.C. Woods III (College Park, MD, USA) 343

Performance comparison of geographic strains of white bass (*Morone chrysops*) to produce sunshine bass
C.C. Kohler, R.J. Sheehan, J.J. Myers, J.B. Rudacille, M.L. Allyn and A.V. Suresh (Carbondale, IL, USA) 351

Temperature effects on muscle growth in two populations (Atlantic and Mediterranean) of sea bass, *Dicentrarchus labrax* L.
M.D. Ayala, O. López-Albors, F. Gil (Murcia, Spain), A. García-Alcázar, E. Abellán (Pto. de Mazarrón, Spain), J.A. Alarcón, M.C. Álvarez (Málaga, Spain), G. Ramírez-Zarzosa and F. Moreno (Murcia, Spain). 359

Sexual growth dimorphism in sea bass *Dicentrarchus labrax*
E. Saillant (Palavas-les-Flots, Gravelines, France), A. Fostier (Rennes, France), B. Menu (Palavas-les-Flots, France), P. Haffray (Rennes, France) and B. Chatain (Palavas-les-Flots, France) 371
